

JavaOne™

Affiliate Program

Join the community of JavaOne conference supporters through our new Affiliate Program

Your network of industry contacts and developers values your opinion. These people look to you for regular, objective updates on developing with Java™ technology, and we at Sun value you as an influential thought leader.

To recognize your profile in the Java community, we'd like to offer you the opportunity to earn money as you promote the 2009 JavaOneSM conference and recommend attending it.

We make it easy for you by providing you with all the tools you need for promoting the 2009 JavaOne conference through your Web site and blog. As a confirmed Rock Star Speaker for the Conference, you can promote your session to your community by using the logos and buttons provided in our [JavaOne Conference Creative Tool Box](#). And for every attendee who uses your priority code when registering, we'll pay you \$20.

If you would like to join the program, contact:

Jon Graves jon.graves@gpj.com

Tel: 650-226-0718

and we will supply you with your priority code to send out to your network of potential attendees.

Rules and Regulations

Participants in the Affiliate Program are not eligible for the JavaOne Conference Refer a Friend Program. The maximum number of attendees using your code that you can be credited for is 25. The program applies to Conference, Conference Plus, and All Access passes. Payments will be calculated according to the number of fully paid attendees - cancellations will not be credited – and will be made by check after the event.
